Women's Evening Golf League

To Women Golfers:

March 11, 2025

I'm a little anxious to get going with some golf this year, or at least planning for it. Sunny warm days will do that for me. I've already been contacted by someone inquiring about women's leagues so I think I'll start early. Women are planners so you can put it on your calendar for 2025.

We invite you to return and new women join our Women's Evening Golf League for the 2025 golf season. After the long winter we need to get outside and get more exercise, feel healthier and have more fun! A weekly 9 hole golf league is just the answer!

Our intention is to run an informal league to do just that, have fun, learn a little from each other and enjoy the game of golf. Our league provides an opportunity for women of all abilities to play golf on a weekly basis in a casual supportive environment. The group ranges from pretty new golfers to experienced lower handicappers. You should at least have played golf in the past and brush up on your skills at the driving range and practice green before you start. Consider taking a golf lesson with a golf professional. The league women range in age from 30 to 75. Our goal is to have 40 women so we can earn extra credits from the golf course for use at our End of Season Golf Tournament. In 2024 we had 27 signed up at the start and ended the season with about 17-18 playing weekly. Nice to see our members return and nice to see so many new faces. Must be you are having fun. Not as many rain outs this year compared to 2023, but a few. The league is usually about 20 golfers weekly. We see women improve their game a great deal during the league time through fall. The women are encouraging and are non-judgmental of each other. Just play ready golf. This means you should be ready to take your next shot when the person ahead of you takes hers. You can play in any foursome you wish. Many of us change who we play with each week. In early season I will be on the tee to help group foursomes and set the pace for the 9 hole round. After that we are on our own.
